EDUCATION

- Veermata Jijabai Technological Institute (VJTI), Mumbai** 2020 - 2024
Bachelors of Technology in Electronics and Telecommunication Engineering
- Rajiv College, Pune** 2018 - 2020
HSC, Maharashtra

PROJECTS

- BlogCraft - Blogging App** Feb 2024
Dynamic web application built to provide users a seamless platform for creating, sharing, and interacting with blogs.
 - Tools & technologies used: **Node.js** | **Express.js** | **MongoDB** | **RESTful APIs** | **JWT Token** | **Multer**
 - Enabled users to **create**, publish, and interact with **blogs**, including **image uploads** and commenting functionalities.
 - JWT token** - based **authorization & authentication** for user **registration**, **login**, and secure access control.
 - Data integrity and scalability using **MongoDB** for user and blog **data management**.
 - Key features: **User Registration & Login** , **Comment system** , **MVC Architecture** , **JWT Token** , **EJS**.
 - Deployed Link**
- QuickCart - E-Commerce App** Dec 2023
Web application offering a platform for users to explore, search, and purchase products.
 - Tools & technologies used: **React JS** | **JavaScript** | **Redux Toolkit** | **Material UI** | **FirebaseAuth**
 - React JS** a **JavaScript** library for building the **user interface**, ensuring **efficient rendering** and seamless updates.
 - Redux Toolkit** is used as a **state management** solution, employed to manage the application's **global state** and facilitate seamless **data flow** between components.
 - Key features: **Product Catalog**, **Search & Filter products** , **Product Cart** , **Checkout**.

ACHIEVEMENTS

- Solved **1550+** (**Top 1%**) Problems on **Leetcode** and **GFG - Moderate to Hard** Category.
- 1800+** Active Rankings in **Leetcode** weekly **contests**.
- GFG Institue (VJTI) - **Rank 3**.
- Awarded with **Rs.50,000** by **Pune Municipal Corporation (PMC)** - HSC Board Merit 2020.
- Qualified for Second Level **International Maths Olympiad(IMO)** for **3 consecutive years** - 2014, 2015, 2016.

SKILLS

Areas of Interest: Data Structures & Algorithms (DSA) , Competitive programming , Problem Solving

Languages: Python , C++ , JavaScript

Developer Tools: GitHub , Visual Studio Code

Frameworks: Node.js , Express.js , React JS , Material UI , REST APIs

Databases: MySQL , MongoDB , SQL , NoSQL , Design patterns

Soft Skills: Communications skills, Analytical Skills, Teamwork, Leadership, Management, Interpersonal skills

Coursework: Computer Science fundamentals , OOPS Concept , DBMS , Operating Systems , Back-end Development

EXPERIENCE

- Microsoft - FRT** Feb 2023 - May 2023
Azure Intern
 - Engaged in learning innovative solutions to business challenges utilising **Microsoft Azure** (AI, Security, and Cloud).
 - I attempted to learn and deploy my understanding of applications using **Azure Static WebApp** and **Azure Health Bot** to solve the problem statement.
